

Truman To Ask Solons For Tax Hike In 1950

Is Unhappy About Red Ink Spending

Washington, Oct. 20.—(AP)—President Truman, saying he is unhappy about deficit spending, made it plain today he will ask Congress for higher taxes next year.

He told his weekly news conference that he will recommend ways to prevent the government operating in the red and if there is any other way to do it than by increasing taxes he would like to know it.

Republicans and some democrats immediately responded with a call for a reduction in expenditures rather than a tax raise.

Deficit Not His Fault

Questioned about the prospective \$5,000,000,000 deficit for the year ending next June 30, the president said it was not his fault. He added that the republican 80th Congress passed a rich man's tax cut bill and there are what he called fixed charges of \$35,000,000,000 in the budget which must be met.

He did not elaborate on what he included in the fixed charges. Presumably he counted defense, foreign aid and other appropriations and commitments approved by congress, as well as such charges as veterans' pensions and interest on the public debt.

He said he will recommend to the January session of congress means of meeting the government's money needs and it may mean a revision of taxes.

A reporter then put this question: "Your remedy may, if your study shows it, call for an increase in taxes?"

The president replied, with permission to quote:

"Certainly, we've got to find money to run the government and that's all there is to it."

Wishes It Otherwise

He said he would like to find the money some other way, and he wished somebody would tell him some other way.

He recalled that he had asked a \$4,000,000,000 tax increase last January, but "apparently congress couldn't do anything about it. He dropped the request later, however, when a business decline set in during the summer.

Told that Dr. Edwin G. Nourse, resigning chairman of the economic advisory council, had said he was unhappy over deficit financing, Mr. Truman said: "Who isn't unhappy about it? He added it was not brought on by the president of the U. S.

He said he wants economy and deficit avoidance as much as anyone.

The president did not indicate the kind of tax raises he may have in mind. The House ways and means committee reported today to be ready to begin hearings on tax revision soon after congress meets again.

2 Leopards And 5 Tigers Perish In Menagerie Blaze

Mason City, Ill., Oct. 20.—(AP)—Five tigers and two leopards perished today in an early morning fire that partly destroyed the Manley Mathers private zoo, one of the largest of its kind in the nation.

Five grown lions and two cubs were saved.

Floyd Yardley, a post office employee who was attracted to the blaze, killed four of the animals with shotgun blasts after it became apparent they were doomed. The other three beasts died of suffocation.

Yardley said all the animals faced the flames calmly.

He called "remarkable" the behavior of the lions, which were penned in an open arena about 20 feet away from the burning shed where the other animals lay quietly in a row of steel barred cages.

"At one point the lions got restive," Yardley said, "but they didn't make a sound. They soon calmed down again."

Mrs. Mathers, widow of the veterinarian who set up the zoo, said all was "very quiet." Mayor John Carey told the same story.

CHARLES LAUGHTON GIVES GETTYSBURG ADDRESS FOR CHARITY

Canadaigua, N.Y., Oct. 20.—(AP)—Community Chest workers were having a dinner in a local hotel last night when they discovered Charles Laughton, the Hollywood star, in the dining room.

They asked him to join them.

Laughton arose and announced that if everyone present would donate a dollar to the chest drive immediately, he would give the Gettysburg address, complete with gestures.

They did.

He did.

Eisenhower Tells Chiefs To Work For Unity

Washington, Oct. 20.—(AP)—General of the Army Dwight D. Eisenhower told the nation's quarrelling military chiefs today that a unified America "can lick the world"—and he counselled them to stop "name calling."

Setbacks must be expected in unification as in war, Eisenhower said, but he declared with great earnestness:

"I just believe that from this moment on we can make unification work."

Top navy admirals have accused the army and air force of "ganging up" under the unified defense setup to deprive the navy of its offensive power. Generals in turn have lashed back at the navy leadership.

Testifying with Eisenhower before the House Armed Services committee today, Gen. Mark Clark urged the "ruthless elimination" from the nation's military establishment of those who do not believe in unification of the armed forces.

"We may lose the next war," Clark warned. "If we don't settle this unified command business."

With tempers growing ever shorter in the House hearings, Chairman Vinson (D-Ga.) turned his fire against Secretary of Defense Johnson.

Vinson accused the civilian defense chief of putting the cart before the horse in working out military budget requirements in an "arbitrary" manner dangerous to national defense.

"I think the congress is going to have to take the reins in its own hands and decide defense needs," Vinson announced at the end of the day's session.

Referring to Johnson's economy campaign, Vinson hinted that the secretary was violating budget-making orders from congress based on national defense requirements.

There was no immediate indication how many superfortresses might be turned over to the Royal Air Force if the American government decides definitely on equipping England with such planes to augment its striking force.

However, the United States air force now has more than 1,000 B-29's in cocoon storage, a pool from which it could draw for arming the RAF or other members of the Atlantic pact.

The USAF still uses B-29's in the majority of its long range strategic air force units, but is slowly replacing them with B-36's and in the medium bomber class like the B-28's, with B-36's and new jet-powered B-47 bombers.

Presumably negotiations for transfer of B-29's to Britain are being conducted at diplomatic levels between the state department and British foreign office, with the USAF and RAF sitting in as interested parties.

Arrest Two More Of Six Indicted For Embezzlement

Fort Wayne, Ind., Oct. 20.—(AP)—Two more of the six men indicted for embezzlements from the Farmers and Merchants State bank at Spencer, Ind., were arrested today.

Three others previously were arrested in the case and one still is being sought by federal authorities.

Arrested today were Dale Wicoff, a school teacher, and Ray Hoover, a grocer, both of Spencerville. The federal grand jury indictments returned Oct. 14 charged them with aiding and abetting Clyde G. Reetwall, 65, former bank cashier, in misapplication of bank funds.

Wicoff and Hoover posted \$10,000 bond each with the Federal Court clerk and were released. Andrew J. Miller, 41-year-old Leo Hatchery owner, was arrested on the same charge yesterday and was released on \$5,000 bond.

China Reds Drive To South To Break National Blockade

Hong Kong, Oct. 20.—(AP)—The Communists today pressed drives to clean up South China and break the nationalist naval blockade.

Latest Chinese press reports said Communist armies were driving fast on Kwelin, headquarters of Gen. Pai Chung-Hsi, whose 200,000-man force is the strongest on the nationalist side.

The Reds, under Gen. Lin Piao, were said to have bypassed and taken Chuanshan, only 70 miles northwest of Kwelin, and continued on down the railway to unspecified points.

Kwelin is 250 miles by air northwest of Communist-held Canton. Chungking, nationalist provisional capital, is 350 air miles farther northwest.

President Has No Plans To Seize Either Coal Or Steel Industries

Washington, Oct. 20.—(AP)—President Truman has no present intention of intervening personally in the coal or steel strikes, nor any plans for government seizure of those industries.

A reporter asked what he intends to do if mediation efforts break down. The president said he'll cross that bridge when we come to it.

Coal talks at White Sulphur Springs and Bluefield, W. Va., teetered through another day without results. John L. Lewis, head of the striking soft coal miners, showed up at his mother's bedside in Springfield, Ill. He strode from the conference yesterday, calling for his bag and drove away without explanation.

Lewis' 91-year-old mother broke a hip recently and her condition is regarded as serious.

An expected summons from conciliation Director Cyrus S. Ching did not come today. The coal operators and union negotiators had about decided they would be called back to Washington for more conciliation—or for some other reason.

Ching, however, was in New York trying to get U. S. Steel officials back at the bargaining table with Philip Murray, head of the striking steelworkers.

After his talks with U. S. Steel had been in progress for six hours, Ching sent word to reporters that the conference would continue. But he gave no indication whether any progress had been made toward settling the strike.

No open steel negotiations were under way. Murray was in Pittsburgh, after a barnstorming tour to explain his version of the strike issue and prospects for a union victory.

Yugos Win Over Czechs 39 To 19

New York, Oct. 20.—(AP)—The United Nations overrode Russian protests today and elected Yugoslavia to a security council seat that the Soviet Union coveted for satellite Czechoslovakia.

Two-thirds of the U. N. nations in effect gave a vote of confidence to Marshal Tito's regime, and rebuked the Communists. The vote was Yugoslavia 39, Czechoslovakia 19.

It deepened the east-west rift and left Russia to make good on her prediction that "painful consequences" to the U. N. would follow election of Yugoslavia. What those consequences may be probably will not be clear until the reorganized security council meets in January, with Yugoslavia taking the seat now held by the Soviet Ukraine. Three security council seats are changed every year by vote of all 59 nations in the general assembly.

Acheson Sees Little Danger

U. S. Secretary of State Dean Acheson said he sees little danger of a rift in the U. N. because Czechoslovak embassy said there was no prospect of pro-Soviet Communist nations in the U. N. walking out as a result of the election. He added: "No doubt this is what many western countries would like us to do."

American support was a big factor in Yugoslavia's victory. It was a calculated support—aimed at strengthening Tito in his struggle with Moscow. The vote came less than a day after Yugoslavia declared that Russia had moved troops into neighboring communist countries, toward the Yugoslav frontier.

The voting provoked a red-faced outburst from Andrei Y. Vishinsky, Soviet foreign minister. Speaking in Russian, he said:

Vishinski Blasts Yugo

"The Soviet Union delegation declares with full determination that Yugoslavia shall not, cannot, be considered as a representative of the eastern European countries, and that the introduction of Yugoslavia to the security council shall be considered by the Soviet Union delegation as a new violation of the (U. N.) charter, undermining the very foundations of cooperation in the United Nations."

Russia contended she and associated nations have the right to designate the eastern European delegation to the council. Their choice was Czechoslovakia.

No delegation would speculate whether Vishinsky's declaration meant Russia would refuse to sit in the 11-nation security council with Yugoslavia. Russia walked out of the council in 1946 in protest over a decision in the Iranian case, but returned the following month.

Convict Asks For
Freedom Through
Radios He Built

Parchman, Miss., Oct. 20.—(AP)—Frank Moody, Mississippi's broadcasting convict, is off the air.

The 28-year-old convict's three radio transmitters, which he used in clandestine promotion of his efforts to gain legal freedom, have been dismantled and stored in the state prison safe.

Warden Marvin Wiggins said today that Moody has been deprived of his trusty privileges and has been transferred to a work camp about eight miles from prison plantation headquarters.

Moody is serving a 50-year term which mushroomed from a seven-year sentence in 1939 for armed robbery in Jackson county. Penalty for two escapes during his first four years ran the total to the half century mark.

The story of Moody's building the transmitters and using them for four years to communicate with the outside world was told to the Houston, Tex., Post by Joe McKinney, regional manager of the Federal Communications commission.

HOW WILL VETS SPEND REFUNDS?

Forty per cent of the veterans receiving GI insurance refunds to be paid out beginning next January will hold onto their bonds. A tipoff on what veterans will do with the 2.8 billion dollars is given in the current issue of Business Week and is based on a Federal Reserve study analyzing what veterans did with nearly 2 billion dollars in terminal leave bonds in the first half year after they became cashable.

If the same pattern is followed on the insurance refunds, the veterans will retain 40 per cent of their bonds; 28 per cent will spend their money on nondurables (clothes, food, etc.); 23 per cent will buy durables (autos, appliances, furniture); 11 per cent will pay for emergencies and illness; 9 per cent will pay up back bills; 6 per cent will go into bank accounts; 4 per cent will be spent on homes; and 3 per cent will go for luxuries. The remainder will be split among taxes, farm expenses, home repairs, securities and business investments.

Shape of the Earth Being Surveyed From a Rock in a Kansas Pasture

ROBINSON'S ROCK: From the dot in a Kansas field, a new determination of the earth's exact size.

Lucas, Kans.—(NEA)—An unimposing rock that rises about six inches above the surface of Frank Robinson's pasture 12 miles northwest of here is the center of a project as big as the world itself.

Affixed to the rock is a small bronze plaque. On the plaque is a tiny triangle. Inside the triangle is a dot. And that dot is being used by the United States Coast and Geodetic Survey to measure the size and shape of the earth.

The current project is the second phase of the job. Last year, astronomical calculations were made by geodetic survey officials. This year, they are making gravity checks, centering around the rock on Robinson's farm. The scientists will tie the two studies together and get a new determination of the earth's exact size.

Robinson's rock has been used before. For about 50 years, it has been the basis of every triangle drawn by surveyors over the Whole United States. All buildings surveyed, from the White House to the barn on Old MacDonald's farm, are down on charts as being a certain distance from the rock.

When the marker was first put in place, in 1891, it was just one of many points of reference established across the nation. But it soon became the principal one, when Geodetic Survey officials decided it was the most nearly accurate of them all.

A plumb line at this point, they found, was least likely to be affected by forces other than gravity. More than any of the others, it would show the earth's natural gravity. Its accuracy was attributed to its location—on a barren hilltop, without

great mountain ranges or bodies of water or land masses nearby to deflect the plumb line.

It became virtually the geodetic center of the nation. And, in 1913, the rock extended its importance beyond the borders of the United States. Canada and Mexico accorded it recognition as the basis of their surveys, too. So, for all intents and purposes, it became the geodetic center of the whole North American continent.

Gradually, it extended its sphere of geodetic influence around the world. More and more nations adopted it as the point of reference for surveys, until now a maze of triangles, linking most of the earth's surface, are based on the dot in the triangle on the plaque on the rock on the farm in Kansas.

Now a must for tourists, it has gradually been chipped away by souvenir-hunters and the onslaughts of plains winters. But it hasn't been moved, and the rock has now tackled its biggest job as scientists use it to measure the size of the world.

R.N.A. Recorder, Glasgow Camp, Resigns Position

Glasgow—Mrs. Neva McEvers of Glasgow, who has served as recorder for the Glasgow camp of Royal neighbors since 1933 has resigned that position because of ill health.

Mrs. McEvers will be replaced in this position by Mrs. Murrell Smith, local school teacher, residing in the north part of town. Her mail address is route four, Winchester. Mrs. Smith requests that no dues be given her during school hours.

LaVern Jones, a patient in the Illini hospital in Pittsfield while receiving treatments for a punctured lung caused by a fractured rib, is reported recovering satisfactorily.

W. D. McEvers, who has again been seriously ill the past week, is now reported showing some marked improvement.

Berlin Dogs Near Normal

Berlin, Germany.—(AP)—The dog's life in Berlin is gradually returning to normal.

In summer 1949 the city had 52,400 dogs, about 13,000 more than three years ago. This makes one dog for every 62 persons, as compared with 52 before the war.

*But the dog tax is twice the pre-war rate, 120 marks (\$36) a year.

Doll With a Black Eye

(NOT FOR GALS; IT'S FOR A GUY)

SHINER: Michelle Riels was surprised, but not the buyers.

By Jack Harr
NEA Staff Correspondent

Chicago—(NEA)—Michelle Riels, three, was somewhat surprised when she saw the boydolls dressed in boxing trunks and gym shoes.

But the buyers at the Merchandise Mart, where Michelle was getting a sneak preview of what's likely to be under the Christmas tree this year, weren't surprised at all.

There is a certain time, it seems, when boys like dolls. Not ones like a new model with nylon hair that can be set in different hair-dos, which fascinated Michelle. But masculine dolls.

That is what inspired the boxing at all, one of the thousands of new items which turned the Mart into a vast toyland for buyers. Along with trunks and gym shoes, the doll has big, detachable boxing gloves and, will retail for \$5.95. Black eyes are

optional, and are produced with paint, not by socking the doll in the face.

As orders pile up, some wholesalers are predicting the greatest year ever in the toy business. "Things are almost too good," groans Herbert Sherman, manufacturer of toy racers and airplanes. "Right now my factory is 175,000 orders behind, and we'll have to go some to make that up before Christmas buying starts."

Prices will be comparable with last year and the merchandise will be of superior quality, wholesalers claim. An expected increase in business makes it possible, they say.

The kiddie population this year is at an all time high. The most widespread trend this year is a Western motif in toys, stimulated by the popularity of such characters as Hopalong Cassidy, Roy Rogers, and Gene Autry. About

40 per cent of boys' clothes will have a cowboy touch.

The realistic trend is as strong as ever. To supplement the doll that actually wets, a manufacturer is marketing a plastic "stepon" can where the little mother can dispose of the wet diapers. It will cost \$1.95. Another realistic toy is a frankfurter wagon just like the one the kids see at the beach. It comes complete with everything but an edible hot dog.

Tops in realism, as always, are the electric trains. This year they range from a basic set that costs \$15.95 to a startling electronic railroad that markets for \$199.50.

A new accessory is a cattle car which unloads seven cows on a platform and returns to the same spot to pick them up. This interesting but pointless operation will cost father \$14.95.

Race Tax Boosts Quail Welfare

Sacramento—(P)—The California quail, after a century of being hunted by palefaces and having his cover, food supply and watering places taken by some, is about to enter the welfare state. The California paleface likes to bet on horses, and his state levies a tax thereon which is applied to game conservation.

Some \$375,000 of this is to be used during the next three years to build watering devices, feeding grounds, and brush shelters for California quail. The federal government, under the Pittman-Robertson act, will almost double the ante with another \$640,000.

California has been working on this for some time, and already has 500 automatic "quail quafferies" working. They are concrete cisterns that catch rain during the wet season and dole it out through the dry months when millions of baby quail would otherwise die of thirst.

The talk is small because the birds are limited to a vocabulary of 20 words, plus a few wolf whistles and raucous sounds. DeKalb Noted For Varied Industries, Agriculture Work, Teachers College

De Kalb, Ill., Oct. 20.—(P)—Agriculture and industry have combined to put DeKalb on the map.

Its industries are varied, and stem partly from DeKalb's location and transportation. Products include pianos, truck bodies, stoves, insulated wire, electric motors, women's coats and sport wear, and smaller articles. In agriculture it is widely known for the General Electric experimental plots and seed fields of the DeKalb hybrid seed company. In addition to its work in corn, the company also does extensive experiments with hybrid chickens.

First Barbed Wire Factory

Situated here are the homes of Joseph F. Glidden, I. L. Elwood and Jacob Haish, all inventors or developers of barbed wire fencing, and here also was the first barbed wire factory in the world.

These three men invented and manufactured barbed wire fencing. Glidden and Elwood formed a partnership. Glidden later sold his interest to an eastern concern. Elwood continued in the business until it was taken over by the American Steel and Wire company. Haish made wire at the same time, but after he lost a patent suit he had to pay a royalty to his rivals.

The market was large enough for all three men, however, and all three became wealthy. The Haish memorial library, gift of Jacob Haish, is known throughout the world.

In 1858, C. W. Marsh and his brother, W. A. Marsh, devised a method of elevating grain, after it was cut, to a platform where it could be bound with less fatigue than formerly. This Marsh harvester was a forerunner of the automatic binder of later years.

Home Of Teachers College

The Northern Illinois State Teachers college also is situated here. The school is observing its 50th anniversary this year, with more than 1,600 students enrolled.

On the rich prairies of northern Illinois, 60 miles from Chicago's loop, DeKalb is situated at the crossing of two important highways. The Lincoln highway—U.S. alternate 30—a favorite of Illinois 23 leading travelers, crossing Illinois 23 leading north to Wisconsin and south to the central part of the state.

Transportation facilities were dominant in determining the location of DeKalb. Two wagon routes, one to Chicago and the north and south from the Illinois river to Wisconsin, crossed on the open plain here. A tavern was built there, and the town grew around it.

Named For Frenchman

DeKalb center was the town's first name, later shortened to DeKalb. The town took its name from the country. The name DeKalb was

recognition of the services of Baron DeKalb, a Frenchman who lost his life in service for the colonies against the British in the Revolutionary war. The first residents came from New York and New England. As industries grew, new groups came to DeKalb. The first of these came from Norway, Poland, Finland and Sweden. Later workers came from Italy, Greece, and other southern European countries. The present population is about 12,000.

Student Aid Plan Perpetuated

Los Angeles—(P)—When Francisco Bravo was a young medical student, he worked nights at a gas station and could study only in the intervals between cars. He wondered then if there wasn't some way life could be made easier for ambitious Mexican-Americans of limited means.

Now, as Dr. Francisco Bravo, he has found the answer. He helps them

himself.

Last year he gave \$10,000 of the earnings of his Bravo Clinic to finance a scholarship at the Stanford University School of Medicine for Rodolfo Ponce, of Rivera, Calif. Recently he gave William Diaz, of Riverside, California, \$2,000 to cover a four-year course at the School of Pharmacy of the University of Southern California.

Dr. Bravo attaches one string to these awards. The young men he befriends must promise to aid other Mexican-Americans who desire professional careers.

Wilma Meier, Alvin Magelitz Exchange Vows

Bluffs—The country home of Mr. and Mrs. Edward Meier was the scene of a lovely candlelight wedding Sunday, Sept. 25, when their daughter, Miss Wilma Meier, became the bride of Alvin Magelitz, son of Mr. and Mrs. Fred Magelitz. Rev. John Deterting read the double-ring service.

The bride wore the traditional white satin gown, fashioned with a ruffled yoke, long sleeves pointed over the hands and full skirt, made en train. Her fingertip veil of nylon net was held in place by a head piece of tiny white flowers. Her bouquet was of pink roses and her jewelry was a strand of pearls.

Miss Virginia Cooley, maid of honor, wore a floor-length gown of light blue satin, with mits and veil. She carried an arm bouquet of Johanna Hill roses. The little flower girl, Sharon Lee Rolf, wore a yellow taffeta gown and carried a basket of rose petals.

The bridegroom was attended by Harold Meier, brother of the bride. Following the ceremony, a reception was held for about 60 relatives and friends. A three-tiered wedding cake, topped with the miniature bride and groom, was served.

The bride is a graduate of the Quincy School of Beauty Culture and is now operating a shop in Bluffs. The bridegroom is engaged in farming with his father. They have returned from a wedding trip through the southern states and are at home in this community.

on his antenna with a new emblem—the Confederate flag. The hawk of balloons and other novelties is adding quantities of one-foot square Stars and Bars to his line of goods.

No one seems to be able to explain the sudden popularity of the Confederate banners here although they did return to a certain prominence in 1948's political campaign as the emblem of the States Rights Democrats. A wholesale dealer in flags here says his business in the Confederate banners has increased by about 200 per cent in the past six months.

The flags he distributes are manufactured in Verona, New Jersey. Mongolian invaders of the Near East in the 13th century brought with them Chinese works of art whose designs were soon copied and used on clay tiles for walls.

Illinois Corn Loans
Run \$1.37 To \$1.44;
Little Under Last Year

Decatur, Ill., Oct. 20.—(AP)—Corn

loans in Illinois counties this year vary from \$1.37 to \$1.44 a bushel, the production and marketing administration announced today. The loans are 3 cents less than last year.

Loans are made by the United States government, acting through the production and marketing administration. Farmers need not obtain a loan if they do not want to. Currently, market prices are below the loan rate.

After a farmer has obtained a loan, he can pay it back and regain possession of his corn if he so desires. If he does not, the corn will come into possession of the government. The farmer will pocket the loan.

No Actual Loan
 In a purchase agreement, the production and marketing administration guarantees to purchase the farmer's corn at the loan rate. However, no actual loan is made. If the farmer is able to obtain a higher price in the market, he need not sell to the government. But the government must buy if the farmer offers it the corn.

Both loans and purchase agreements are available to farmers through May 31, 1950. They will mature July 31, 1950.

Corn placed under loan must, except for moisture content, grade number three or better, or number four on test weight only, and meet the moisture requirements for safe.

Corn delivered under a purchase agreement must grade number three or better, or number four on the factor of test weight only.

At 90% Parity
 Both loans and purchase agreements are made at 90 per cent of

Crimsons Entertain Feitshans Tonight; ISD To Kincaid

Jacks Seek Initial Win Of Season Against Strong Flyer Outfit

Starting Lineups:
Crimsons P. S. Feitshans
 Myers IE McLaughlin
 Nunes LT Cronne
 Kemp LT Urban
 Cruse C Bennett
 Rhodes RB J. Spence
 Chapman RB Coe
 City RB Squires
 Irby RB Ellis
 Walker QB Matlack
 Sabatini LB Milton
 Meado RB Blahofski
 Baldwin FB

Crippled by the loss of two regulars, Bob Kraushaar's Jacksonville high school griders last night wound up a week of tough drills designed to make things hot for the Feitshans Flyers when they invade the local turf for a Central conference tangle tonight. Kickoff time is 8 o'clock.

The Crimsons will be going after their initial win of the season against a Springfield club that has enjoyed medium success to date. They'll be trying to climb on the Victory wagon minus the services of "Pee Wee" Campbell, backfield stalwart, and Ruel Becker, regular linemen. Both lads are incapacitated due to minor knee and ankle sprains.

Walker At Quarterback
 Johnny Walker who has been little more than extra weight for the Crimsons up to now because of a bad ankle sprain, has announced that the joint is completely healed and he'll be at the quarterback spot for the Kraushaars tonight. His presence in the lineup should give the locals added punch in the passing and kicking departments.

The Feitshans bunch has enjoyed fair success this season. After tamping Taylorville's eleven in their opener, the Flyers lost three straight to Springfield high school, Cathlamet and Lanphier. They climbed back in the win column with a 13-0 Central conference conquest of Joe Bush and Schoolboy Rowe.

South Carolina 11 Upsets Clemson For 27 To 13 Win

Columbia, S. C., Oct. 20 — (P) — South Carolina's Gamecocks broke into the victory column today for the first time this season with a crushing 27-13 football upset of the Clemson Tigers, their traditional rivals.

A record South Carolina crowd of 35,000 saw the two Southern conference teams play their 47th annual state fair classic.

South Carolina won the hard way, overcoming a 13 point deficit piled up by favored Clemson in the first two periods. The Gamecocks tied the score at the half and smashed the Clemson defense to bits for the two clinching touchdowns in the final quarter.

Bo Hagan, South Carolina senior quarterback who has played but little this season, was the outstanding star. He engineered the victory by scoring two of his team's touchdowns and passing 40 yards for the tie-breaking one.

Taking over the quarterbacking role in the second period after Clemson racked up its 13 points, Hagan put new life into the Gamecocks. The team started rolling from there and took the play completely away from Clemson.

Redskins Sign Joel Williams, Star Of Richmond
 Washington, Oct. 20 — (P) — Apparently unconcerned over a threatened action, the Washington Redskins pro football team today signed the Richmond Rebels' star center, Joel Williams.

George Preston Marshall, president of the National League's Redskins, told a reporter shortly after Williams put his signature on a Washington contract.

"Richmond has the right and can go to court if it wants. That's what courts are for," Harry Seibold, president of the Richmond club, which is a member of the American League, says he will seek a federal court injunction against Williams to prevent the former University of Texas lineman from playing with the Redskins.

Seibold said "the Redskins did noticker with Williams through the Rebels' front office but used other methods to contact him directly. Marshall pulled the same trick last year to get Stan Nestorak, who was with us at the time."

Blueboys Entertain McKendree Collegians In Homecoming Tussle

For the first time in the era of original starting lineup appears to be in shape to take the field intact Saturday afternoon.

McKendree Coach Ralph Barclay has 16 lettermen on his club and nine of them are expected to be in the starting lineup when they invade Jacksonville this weekend. Bill Burke, an East St. Louis product, seems to be the outstanding newcomer on the squad, and is the only freshman recruit who has forged his way into the backfield starting lineup.

He teams up with sophomores Bill Chaney, halfback, and Ron Herrin, fullback, and senior quarterback Bill Nagel to form the Blueboys' offensive crew.

The McKendree line averages around 150 pounds lighter than the IC forward wall, as the visiting linemen will weigh in at an average of 160 pounds. All the Bluecat linemen are veterans except Stewart Grant, a six-foot-four-inch freshman end.

Comparisons Give Blueboys Edge
 The Barclay aggregation, made up almost entirely of talent from southern Illinois, didn't hit the victory trail this year until they had absorbed three straight defeats. On the basis of comparative scores the Blueboys should have the edge in their annual festival encounter.

The IC eleven smothered Principia, the only mutual opponent of the two clubs, 27 to 6, while McKendree fell victim to the Elmhurst 12 to 6 in the final seconds of the game.

The Blueboys are practicing seriously this week with a Homecoming victory in mind. They're polishing up their usual running and passing plays with which they had ample success last week, and are adding to their repertoire some new plays which they hope to put into use against the Lebanon crew come Saturday afternoon.

Bauer Matched With Zaharias In Women's Golf

Fort Smith, Ark., Oct. 20 — (P) — A veteran of the fairways and one of the youngest and brightest stars of women's golf will meet in the semifinals of the Hardscrabble women's open golf tournament here tomorrow.

The match will pit Mrs. Mildred "Babe" Zaharias, Grossingers, N.Y., against Marlene Bauer, 15-year-old Los Angeles campaigner.

Mrs. Zaharias had to come from behind today to defeat Alice Bauer, sister of her semi-final opponent 2 and 1. The Babe was three down on the first four holes, but dropped a 25-foot putt to take the fifth hole, and went ahead on the 12th with a 35-footer.

Marlene won her quarter-final match from Natalie Bering, Decatur, Ill., 5 and 3. The Los Angeles lass completed the 18 holes to post a 69 total, six under women's par. She made only 24 putts in the round.

Patty Berg, Minneapolis, won her way to the semi-finals after 20 holes of play with Betty MacKinnon, Mt. Pleasant, Tex., the Arkansas state champion.

Her opponent tomorrow will be Marjorie Lindsay, Decatur, who defeated Mrs. Carle Robbins, Fort Smith, 5 and 4 today. Miss Lindsay shot only 14 putts.

Tigers Carry Even Season's Record, 2-2, Against Winless Ponies

GAMES TONIGHT
Feitshans at JHS 8 p.m.
ISD at Kincaid
 Jerseyville at Winchester
 Carrollton at White Hall
 Pleasant Hill at Pittsfield
 Waverly at Nokomis
 Havana at Cuba

Art Yates' ISD Tigers, fresh from a brilliant 14-13 intra-city victory over Jacksonville high school's big-ger eleven, carry a 2-2 record to Kincaid tonight where they'll tussle with the Ponies, an M.S.M. conference team that hasn't won a game this season.

The Yatesmen, led by lineman Art Carlistedt who is vying for the MVP award, did not see action against the Crimsons last week because of a sprained knee. He's back on the active list now and is slated for plenty of ball-carrying and passing duty tonight.

However, the Tigers proved last week that backfield work is important when they take the field. The westenders rely on a far above average line to carry them over the hump. Superior line play has sparked the Tigers to both their wins this season. Tackle Irvin Carlistedt, 175 pounds of TNT, has racked up three safeties in the four games that he has played. Besides scoring in the safety department, Carlistedt also kicks extra points.

The Starters
 The Tiger lineup shows Nunes and Villani at the ends; Tuchman and Carlistedt, tackles; Merriman and Leibold, guards; West, center; Franco, quarterback; Hood, left halfback; Helmerston, right halfback; Briggs, fullback.

Irish Throwing Long Ones
 South Bend, Ind., Oct. 20 — (P) — Notre Dame has an open date Saturday but the Irish squad held a long aerial drill today.

Freshmen passers, using Navy plays, did the tossing with variety on the defense. When the variety switched to offense, Quarterbacks Bob Williams and John Mazur did the throwing.

Notre Dame plays the Middies at Baltimore Oct. 29.

Illini Study Purdue Passes
 Champaign, Ill., Oct. 20 — (P) — Illinois took a light football workout on a rain-soaked field today, looking at Purdue's pass plays and polishing up punt receiving.

Coach Ray Eliot indicated that new starters Saturday against the Boilermakers will be Amos Jones and Merle Schlosser at ends in place of Tony Klinek and Walt Kersulis, and Leo Cahill and Chuck Brown at guards instead of Lynn Lynch and Chuck Studley.

The Illini will leave for Lafayette, Ind., tomorrow by bus.

TEXAS LEAGUERS MOVE TO SPRINGFIELD TEAM
 San Antonio, Oct. 20 — (P) — Catcher William Leonard and pitcher George Hooks, with the San Antonio Texas league missions last year, have been assigned to Springfield, Ill., of the Three I league.

President William Byrd of the missions made the announcement here today.

Leonard hit .205 for the missions, while Hooks, used mostly as a relief hurler, won four and lost five games. He had an earned average of 2.68 of "Bill."

Eight members of Alabama's football squad answered to the first name of "Bull."

Ohio State Trains For Badger Meet

Columbus, Ohio, Oct. 20 — (P) — Ohio State's football squad entrained tonight for its western conference game with Wisconsin Saturday at Madison in which the Bucks rule slight favorites.

The Ohio State traveling squad, including 36-players, plans a light workout at Janesville, Wis., tomorrow afternoon. The team will arrive in Madison Saturday morning.

Vic Janowicz, injured sophomore fullback, was not included on Coach Fesler's traveling squad. Center Jack Luningger and fullback Pete Perini were named although neither is expected to see more than limited service because of injuries.

Among the pitchers who hold the World Series record for losing the most games (5) are Christy Mathewson, Rube Marquard, Eddie Plank, Joe Bush and Schoolboy Rowe.

Redskins Sign Joel Williams, Star Of Richmond

Washington, Oct. 20 — (P) — Apparently unconcerned over a threatened action, the Washington Redskins pro football team today signed the Richmond Rebels' star center, Joel Williams.

George Preston Marshall, president of the National League's Redskins, told a reporter shortly after Williams put his signature on a Washington contract.

"Richmond has the right and can go to court if it wants. That's what courts are for," Harry Seibold, president of the Richmond club, which is a member of the American League, says he will seek a federal court injunction against Williams to prevent the former University of Texas lineman from playing with the Redskins.

Seibold said "the Redskins did noticker with Williams through the Rebels' front office but used other methods to contact him directly. Marshall pulled the same trick last year to get Stan Nestorak, who was with us at the time."

Roodhouse Club Scores Important Valley Win

Roodhouse — Mason Campbell's Roodhouse Railroaders established themselves as a top contender for the Illinois Valley football crown this season when they chalked up a 28-7 league win over Dean Cochran and his Greenfield gang here last night.

The upset knocked the Luketich-coached Greenfield eleven out of a tie for second place. The outcome enabled Roodhouse to remain locked in a third place stalemate with Pittsfield and Carrollton.

Dean Cochran, Greenfield captain and the state's leading scorer, suffered a broken arm mid-way through the fourth quarter. He will probably be sidelined the remainder of the season. A slick, muddy field gave the entertaining Roodhouse bunch a decided advantage over the lighter, but faster Greenfield eleven.

An estimated crowd of 2500 fans witnessed the contest under Roodhouse's new lighting system.

Roodhouse Scores On Kickoff
 The host Railroaders wasted little time getting their victory march underway. Maurice Hutton, Roodhouse center, grabbed Greenfield's opening kickoff and galloped 65 yards for a touchdown. John Bess circled right end for the extra point and Roodhouse led 7-0 immediately after the contest got underway.

That's how the score remained through the first half as the two elevens battled to a scoreless stalemate in the second quarter.

Greenfield's Dean Cochran evened up the count at 7-all on the first play from scrimmage after the intermission. He slipped, unnoticed, to the sidelines where Smock tossed him a flat pass from the Greenfield 40-yard marker and raced 60 yards to pay dirt. Cochran skirted right end for the conversion to tie up the ball game.

Don Crabtree Stars
 Don Crabtree started moving for the Railroaders. The speedy halfback staged a one-man scoring march that ended when he plunged over from two yards out for a tally. He circled right end for the extra point to put Roodhouse out front 14-7 late in the third period.

Crabtree zipped around right end for another touchdown early in the fourth period. Ranson blasted right tackle for the extra point.

Later in the fourth quarter, Crabtree carried the ball to the Greenfield 12-yard line. With the Tiger line set for another of his runs, Crabtree faded and lobbed a short pass to Copley for the fourth Roodhouse touchdown. Crabtree plunged to give his club the winning 28-7 margin.

Chandlerville Six Chalks Up Initial Grid Win, 26-25

Chandlerville — With Quarterback Jack Marcy leading the way with three touchdowns, the Chandlerville Comets overcame a 19-7 halftime deficit to nip Arenzville 26-25 and ruck up their first 2-C conference win of the season before a jam-packed home crowd last night.

Marcy got the ball rolling when he found Arenzville's end zone early in the first quarter. Reitzel plunged for the extra point and the hosts led 7-0.

Arenzville rebounded with a touchdown of their own in the opening period. A 27-yard pass to Don Wessler landed the Raiders on the Chandlerville six-yard marker from where Ruppel plunged over. The try for extra point failed.

It was all Arenzville's second quarter. An intercepted pass gave the visitors their second scoring opportunity. Ruppel skirted end to tally from five-yards out. His try for conversion was good.

Arenzville scored again in the second period. A pair of passes from Fricke to Marvin Wessler found the Comets pay-off area and the invaders led 19-7 at the intermission.

With Jack Marcy showing the way, Chandlerville fought back bitterly in the third chapter. Marcy got going on the opening kickoff when he gathered the ball in on his own 35-yard chalk and went all the way to score.

Marcy Scores Again
 Marcy did it again later in the third period. After the two clubs exchanged punts in midfield, Marcy broke loose on an off-tackle slant and raced 55 yards for a touchdown. This time Reitzel converted and the Comets led 20-19.

Chandlerville's right end Toland broke into the scoring column as the fourth quarter got underway when he pounced on an Arenzville fumble and sprinted 35 yards for the winning TD.

Arenzville came close to knocking the count later in the final chapter when Don Wessler broke loose for a 25-yard touchdown run. The extra point failed to hand Chandlerville the game, 26-25.

The struggle ended with Chandlerville knocking on Arenzville's door from the four-yard marker.

B-6 VITAMIN SUPPLEMENTS PROTEINS

New York — (AP) — Maybe humans
who eat a lot of meat, eggs and milk
should be sure that they also get en-
ough vitamin B-6. This vitamin,
pyridoxin, is found in vegetable fats,
whole grain cereals, legumes and
yeast.
Rats which didn't get enough B-6
while eating a lot of proteins devel-
oped a scaly skin trouble, and didn't
live as long as those eating foods
with only a little protein. Edward C.
De Renzo and L. R. Cerecedo of
Fordham University reported to the
American Chemical Society. If these
results apply to humans, then people
who eat a lot of protein should also
get enough B-6 to maintain normal
health, they said.

COCKLEBUR GOES MODERN

Alma, Neb. — (AP) — Cocklebur,
those barbed seed pods that like to
snag rides in clothing and the fur
of animals, come tenacious and
hardy in these parts.
One of them took root in accumu-
lated dust inside the body of a car
owned by Conrad Boehler.
Last spring, the tiny plant push-
ed its way through a crack in the
car's body. The hitch-hiking seedling
survived the summer, and now
has five little burs.

State St. Church 'Family Sunday' Planned Oct. 23

This Sunday will be Family Sunday at the State Street Presbyterian church during its Loyalty Month emphasis. All members are asked to bring their cards with them for this service.

Wilbur Sheridan will be at the organ and will play "Prelude No. 2" by Howells and "Postlude Pour Grande Marche" by Gounod. The quartet will sing, "Build Them More Stately Mansions" by Andrews. The minister will speak on "Stars To Windward" which is a familiar expression to sea-faring men.

The following officers for the coming year were elected: Mrs. Alvin Unland, chairman; Mrs. Frank Grammer, vice chairman; and Mrs. Albert Telling, secretary-treasurer.

The major lesson, "Modernizing the Furniture We Have," was given by Mrs. Frances King. Morgan Koopman presented the minor lesson on "The Care of Synthetic Materials."

Following the meeting, refreshments were served by the hostesses, Mrs. Henry Althorn and Mrs. Bonning Co. of that city.

Five hundred persons, including many of the most prominent business, civic and political figures in and around Alton, were guests.

The hotel banquet hall, dining room, rose basement on Wednesday night. All meeting was opened with group in singing, led by Harry Brown. At the suggestion of President John Koopman, the possibility of adopting a community project was discussed.

Refreshments were served by a committee consisting of Charles Metz, Jr., Louis Allen, and Joe McAllister, Jr.

There were 26 members present. Mr. and Mrs. Eugene Williams and Mr. and Mrs. William Currant of Decatur visited Sunday evening at the homes of Mr. and Mrs. Richard Clark and children, and Mr. and Mrs. Harry Lefever.

Mr. and Mrs. D. H. Bushnell of Quincy, Mo., and Mrs. Freeman Geneckow of Quincy visited Sunday at the home of Mr. and Mrs. N. S. Bushnell.

The Kum-Join-U's club will hold its regular meeting next Monday night, Oct. 24, at the home of Mrs. Anna Mae Hyatt. It will be a Halloween party and everyone is requested to come masked.

PEERLESS BAKING HEAD AT NEW JERSEY MEET

Atlantic City, N. J. — Robert J. Kaufman of Peerless Bread company, Jacksonville, was registered here Tuesday for the annual convention of the American Bakers' association and the 1949 Baking Industry exposition.

More than 10,000 baking and allied trades officials from all parts of the country are attending the convention and exposition. The latter is the first held in 13 years and the largest in history.

Plans whereby the local baker can expand his services to homemakers are being outlined at the convention, it was said. The nation's 30,000 bakeries are currently producing 40,000,000 loaves of fresh bread daily, plus a tremendous volume of cakes, pies, buns and other sweet goods.

500 Guests At Gala Reception Following Rites

In an impressive wedding ceremony which took place Sunday afternoon at St. Paul's Episcopal church in Alton, the marriage of Miss Katherine Despo Maggos, daughter of Mr. and Mrs. Gust Maggos of Alton, and Oakleigh R. Adkins, Jr., son of Mr. and Mrs. O. R. Adkins of Chandlerville, was solemnized.

The Orthodox Greek Catholic ritual was used, with Bishop Gerasimos of Chicago, Rev. D. J. Vanikos of East St. Louis and Rev. Peter Bithikas of Chicago officiating.

One of the important features of the ritual was the placing of floral crowns on the heads of the bride and bridegroom and the exchanging of the crowns between the couple.

Mrs. Alex McGuigan of Alton, played "Liebestraum," "Liebestod," "Dreams" and "Panis Angelicus." "The Bridal Chorus" from Lohengrin was used for the processional, and the Mendelssohn March for the recessional.

Members of the bridal party were Mrs. Eugene Crivello of Alton, mother of honor; Nick Maggos, brother of the bride; Misses Marjorie Brown and Mike Mylonas of University City, Mo., and Barbara Miles and Rosemary McLaughlin of Alton, bridesmaids; and John Mayor, William DeWitt, Harold G. Baker, Jr., and Eugene Crivello as groomsmen.

The bride was attired in a gown of ivory slipper satin, fashioned along princess lines and designed with molded pockets at either side of the wide skirt which swept into a cathedral train. The collar and pockets were richly trimmed with bugle and pearl beads.

Her fingertip veil of French illusion was secured by a jeweled Juliet cap and her flowers were staphyleanthus and orchids, arranged in a cascade bouquet.

The honor attendant wore turquoise satin and the bridesmaids wore dusty rose. All five wore semi-circular arrangements of feathers in their hair.

Following the ceremony, an elaborate dinner and reception was given at the Municipal Springs hotel by the bride's father, who is owner of the Pepsi-Cola Bottling Co. of Alton, and the Country Club Distilling Co. of that city.

Five hundred persons, including many of the most prominent business, civic and political figures in and around Alton, were guests.

Radio Newscaster Pulls Fast One On Southern Gamblers

Cincinnati, Oct. 20. — (P) — Tom McCarthy, news director of radio station WKRC, pulled a "cutie" on the gambling element in northern Kentucky early last night.

Without identifying himself, he asked five night spots and asked if the bid was really clamped down on gambling. The answers were recorded and in each instance the person at the other end of the line said the tables would be operating as usual.

McCarthy then played back the recordings on one of his newscasts. Earlier in the day, the word was given out that the gambling rooms across the Ohio river should be closed and the police were directed to see that the order was followed.

Newspapermen, checking the situation, reported business as usual at the gambling tables during the night.

ONCE A MEAT CUTTER?

Homer L. Wood isn't a meat salesman, although he is shown in the traditional pose with one hand on the scales. He's the bin site supervisor at Pisgah, steadying the scales as he prepares a one-pound sample of corn being delivered for storage in the CCC bins located a couple mile north of Pisgah.

Only first grade corn will be accepted for storage. Mr. Wood collects some from each truck, mixes the samples and then weighs out a pound. It's sealed in a moisture proof envelop and sent to the state AAA office in Decatur for inspection and moisture content determination.

A second checking sample is picked up by the Jacksonville AAA office. Bin site supervisors are in charge of the lot. They see that the bins are filled properly and that accurate records are maintained.

Jesse Timmons of Waverly is the county supervisor. Other site supervisors named are John Virgin at Murrayville, Walter Bobbitt at Chapin and Byron Strawn at Orleans.
